

Rahim Group's experience, spanning over 60 years, guarantees that it is a partner that has a deep knowledge and understanding of the processes and customer-specific needs in steel products. From the modest beginnings in 1958, Rahim Group has today grown into one of the leading steel manufacturers of Bangladesh. The entrepreneurial spirit and vision of the Chairman Al-Hajj Abdur Rahim has transformed the erstwhile humble unit into the largest modern industrial complex (steel sector) of the country. Since the inception, the group's strength has been in our commitment and enthusiasm to provide an excellent service for our clients, and this has never diminished. Our motto is to serve and satisfy our customers in terms of quality, ensuring quantity and timely delivery. The key industries of the group are:

- **Rahim Steel Mills Co. (Pvt) Limited.**
- **Diamond Steel Products Co. (Pvt) Limited.**
- **Sonargaon Steels Limited.**
- **Ferro Alloy Co. (Pvt) Limited.**
- **Carbon Bangladesh (Pvt) Limited.**
- **Rahim Energy Limited.**

The Rahim group's aim is 'total customer satisfaction' through product excellence. The Group's philosophy ensures continuous improvement in management system and process, which encourages better performance and higher commitment from the employees. The group's research and development department ensures strong, long-term customer relationship, enabling it to produce higher quality steel products and better long-term opportunities.

May Rahim Group march ahead retaining their glory in steel sector, with many more innovative approaches toward the future development of our country.
